HELPFUL HINTS

- 1 The government charges a 33% tax on player transfers.
- 2 The Government charges a 15% tax on gambling wins. (C64 version only).
- 3 In Europe away goals do not count double.
- 4 When an injury occurs during a match the sub is put on, and both teams are re-assessed.
- 5 The league is calculated only on Saturday, not after the midweek games.
- 6 You only have five saves a season. This displayed as the second inversed number on the save option. Follow the instructions on saving carefully. (Spectrum version only).
- 7 You cannot have a youth team or extra training without a coach.
- 8 The computer decides to move you up a level only if your team is too good, not on anything else. This stops people trying to buy a 1st Division team in the 4th Division. You have to do what the real 4th Division managers would do, ie. buy bargain/cheap players and sell your really good players to 1st and 2nd Division clubs which will keep your money going.
- 9 If you press 'P' and the squad comes up put your injured player in.
